

ROHITH WILLIAM G

Phone No: +919042010331 | LinkedIn Id: <https://www.linkedin.com/in/rohith-g-william-445425375/>

| Email Id: rohithwilliam2005@gmail.com | GitHub Id: <https://github.com/Rohith045-alt>

Professional Overview

Aspiring Data Analyst with analytical skills and hands-on experience in Python, SQL and Data Visualization. Smart, proactive, and results-driven, with professional communication and problem solving abilities. Technical background with a passion for learning and contributing effectively in Real-World problems. And has hands-on Experience on ML algorithms like Scikit-learn data preprocessing, model training, evaluation, and predictive analytics.

Skills Equipped

- **Programming Languages** – Python, Java, SQL
- **Tools** – GitHub, SQL, PowerBI, Git, Langchain
- **Libraries** – Pandas, Numpy, Matplotlib, Scikit-learn
- **Technical Skills** – Statistics, Problem Solving, OOP's

Projects

Nature's Early Warning System– (Python, Arduino UNO, ML)

- Developed an IoT-based disaster prediction system using Arduino Uno and machine learning
- Integrated environmental sensor data with animal behavior analysis.
- Improved disaster risk classification using predictive analytics.

Plant Disease Prediction. – (ML, Python, React JS, Express JS)

- Focuses on plant disease prediction using leaf images, uses deep learning (CNN models) to classify healthy and diseased plants accurately.
- The system supports early disease detection, helping improve crop health and yield.

Achievements

1. Gold in Hackerrank Problem Solving Section.
2. Solved 50+ programs in Leetcode Platform

Certification & Internships

Elevated Labs – ML Intern (1 month)

June 2025

Contributing Real World ML projects using Scikit-Learn

NPTEL – Online Course (Python for Data Science)

Oct – Nov 2025

Learned the core concepts in data science python and its libraries

Education

St. Joseph's Institute of Technology, Chennai

CGPA – 7.73

Bachelor of Technology

B. Tech in Information Technology
